

VOR-ORL

LAN Extender for Ethernet cable
up to 100 distance

PRODUCT DESCRIPTION

► Application:

Use OUTREACH Lite to extend network connections to IP video cameras that are locally powered and only require an Ethernet connection without PoE. OUTREACH Lite and OUTREACH Max can also be used to upgrade legacy twisted-pair video installations to IP, where the Cat 5 infrastructure for a network is already in place, but run lengths exceed the 100 meter limit for Ethernet
