

### VOR-ORM

LAN & PoE Extender for ethernet cable  
up to 100 m distance

## PRODUCT DESCRIPTION

### ► Application:

VOR-ORM enables network installers to overcome the distance limitations of Ethernet and Power over Ethernet (PoE) easily, meaning that IP cameras, wireless access points, and other PoE-powered network devices can be located right where they are needed. Simply connect OVOR-ORM in-line with the Cat5 or Cat6 network cable for every extra 100 metres (328 feet) of length required. No configuration or electrical supply is needed, and full-rate network throughput is maintained.

### ► Technical specifications:

Type	LAN & PoE Extender
Number of Ethernet ports	1
Ethernet standards	10Base-TX/100Base-TX
Ethernet connector	RJ-45
Ethernet speed	10 / 100 Mbit
Video data connector	Nein
Power over Ethernet (PoE)	Yes
PoE standard	IEEE802.3at / IEEE802.3af
Switch option	no
Distance RG59	0
Distance Cat-5 (m)	100
Classification	-
Output voltage	PoE, max. 60 Watt
Voltage	PoE
Max. Power consumption (watt)	1.3
Dimensions WxHxD (mm)	105x42x20
